

## fact sheet

# clearing skin wash

### description

A foaming breakout clearing cleanser that helps clear skin and reduce visible skin aging.

### key benefits

- Clears away excess oil while maintaining healthy, hydrated skin.
- Calms breakout-irritated skin.
- Helps prevent future breakouts.

### key ingredients

- **Salicylic Acid** stimulates natural exfoliation to help clear clogged follicles and smooth away dullness that contributes to visible skin aging.
- **Menthol** and **Camphor** help cool the skin.
- Contains **Balm Mint (Melissa Officinalis Leaf Extract)**, **Tea Tree (Melaleuca Alternifolia Leaf Oil)** and **Eucalyptus Globulus Leaf Extract**.

### how to use it

Work a pea-sized amount into a lather in wet hands. Apply to dampened face and neck, massaging in circular motions while concentrating on areas of congestion, breakouts and oiliness. Avoid eye area. Rinse thoroughly with warm water.

## fact sheet

# sebum clearing masque

### description

A soothing clay masque that helps clear breakouts and minimize premature signs of skin aging.

### key benefits

- Absorbs excess oil, refines skin texture, and helps purify skin while maintaining its integrity.
- Imparts a cooling sensation and soothes breakout-related discomfort.
- Helps even skin tone to reduce visible signs of premature skin aging.

### key ingredients

- **Salicylic Acid** helps clear clogged follicles, which contribute to breakouts.
- **Bentonite and Kaolin** clays help absorb excess oil, refine pores and clear congestion.
- **Oat (Avena Sativa Kernel Extract)** and Bisabolol help soothe aggravation brought on by breakouts.
- **Safflower (Carthamus Tinctorius Seed Oil)** helps counter fine dehydration lines.
- **Licorice (Dipotassium Glycyrrhizate)**, known to have soothing properties.
- **Niacinamide**, known to help control sebum and scavenge free radicals.

### how to use it

Apply a smooth layer to cleansed face and neck (avoiding the eye area) three times per week. May also be used exclusively on the T-zone. Leave on for 10 minutes, then rinse thoroughly with warm water.

# AGE bright clearing serum

## description

A two-in-one brightening and clearing serum that clears and helps prevent breakouts while reducing visible skin aging.

## key benefits

- Helps clear and prevent breakouts.
- Promotes brighter, even skin tone to reduce visible signs of premature skin aging.
- Hydrates and smoothes skin.

## key ingredients

- **Salicylic Acid**, a Beta Hydroxy Acid, reduces breakouts to clear skin.
- **AGE Bright™ Complex** works with the skin's natural microbiome to promote clearer, brighter skin. Terpineol (isolated from Pinus Sylvestris, or Pine Oil) and Thymol (from Thymus Vulgaris, or Thyme) help reduce P. acnes and sebum while Niacinamide (Vitamin B<sub>3</sub>) helps reduce visible skin aging by fading post-inflammatory hyperpigmentation.
- **Phytoactives** from **Resurrection Plant** hydrate and smooth skin. The Resurrection Plant is known for its ability to survive extreme dehydration.
- **White Shiitake Mushroom** works together with **Niacinamide** in AGE Bright™ Complex to promote brighter, more even skin tone.

## how to use it

Apply a thin layer on cleansed skin and allow to dry. Use all over the face and under recommended Dermalogica Moisturizer twice a day, as needed.

## fact sheet

# AGE bright spot fader

### description

A two-in-one brightening spot treatment that reduces the appearance of active breakouts and post-breakout marks.

### key benefits

- Reduces breakouts to help clear skin.
- Brightens and fades pigmentation.
- Reduces the appearance of skin aging.

### key ingredients

- **Salicylic Acid**, a Beta Hydroxy Acid, reduces breakouts to clear skin.
- **AGE Bright™ Complex** reduces visible skin aging and helps prevent over-drying of the skin. Contains Terpineol (isolated from Pinus Sylvestris, or Pine Oil), Thymol (from Thymus Vulgaris, or Thyme), and Niacinamide (Vitamin B<sub>3</sub>).
- **Hexylresorcinol** works synergistically with **Niacinamide** in AGE Bright™ Complex to fade post-breakout marks (post-inflammatory hyperpigmentation), improving uneven skin tone.

### how to use it

Apply directly upon first sign of breakout. Reapply twice a day until spot fades.

## fact sheet

# overnight clearing gel

### description

An invisible nighttime gel that helps clear breakouts and reduce visible skin aging.

### key benefits

- Helps clear clogged follicles, which contribute to breakouts.
- Maybe be applied all over the face or to select zones experiencing breakouts and congestion (e.g., the jaw area).

### key ingredients

- **Salicylic Acid** sloughs off pore-clogging skin cells to inhibit development of further breakouts.
- **Tea Tree (Melaleuca Alternifolia Leaf Oil)** soothes skin while you sleep.
- Contains **Niacinamide**, **Biotin**, **Zinc Gluconate** and **Caffeine**, as well as **Spiraea Ulmaria (Meadowsweet)**, **Yeast** and **Dipotassium Glycyrrhizate (Licorice)**.

### how to use it

At night, apply a thin layer all over cleansed face and neck allow to absorb. In the morning, wash off with recommended Dermalogica Cleanser.

## frequently asked questions

### **How is Active Clearing different from its predecessor, MediBac Clearing®?**

MediBac Clearing focused on four physiological factors that contributed to breakouts while taking into account the unique needs of adult skin. Active Clearing offers the same benefits, plus the added benefits of brightening skin tone and reducing premature signs of skin aging such as post-inflammatory hyperpigmentation.

### **How is Active Clearing different from Daily Skin Health?**

Daily Skin Health products for oily skin focus on controlling and managing sebum, whereas Active Clearing products focus on all five factors that contribute to breakouts and related skin aging for adults: overactive sebaceous glands, cell accumulation, bacteria, inflammaging, and post-inflammatory hyperpigmentation.

### **How is Active Clearing different from Clear Start™?**

Active Clearing products are for adults whose primary concerns are breakouts and premature signs of skin aging. Clear Start products are for younger clients (including young adults), whose primary concerns are breakouts and oily skin.

### **What makes adult acne different from teen acne?**

Adult acne is more inflammatory, with fewer comedones than teen acne, and lesions predominantly located around the mouth, chin and jaw line. Adult acne also tends to be more associated with chronic stress, fluctuating hormones, and premature signs of skin aging.

### **What products should I prescribe if I have an adult client who has oily skin, but very few problems with breakouts?**

If, after performing a Face Mapping® skin analysis, you find no signs of inflammation but do find oily skin, prescribe products such as Active Moist or Oil Free Matte SPF30 for regular oil control as well as appropriate Active Clearing products such as AGE Bright Clearing Serum to support their microbiome, or AGE Bright Spot Fader to spot treat sporadic breakouts.

### **What if my clients return to me saying that an Active Clearing product has caused them to breakout even more than before?**

When skin is introduced to a new treatment regimen, it can go through a period of adjustment. It is imperative that you let clients know that this adjustment phase is temporary as well as necessary, as the skin is working to detoxify itself as impurities are forced to the surface. This “purging” period is different from an allergic reaction. If your client appears to be allergic to an ingredient in a product, advise them to stop using it.

### **My client is pregnant and experiencing breakouts. Can I recommend Active Clearing?**

Most Active Clearing products contain Salicylic Acid. Recommend pregnant clients to consult their physician first before using these products.
