

dermalogica[®]

partnership programme

Our popular **Partnership Privilege Days** are back for 2019-2020!

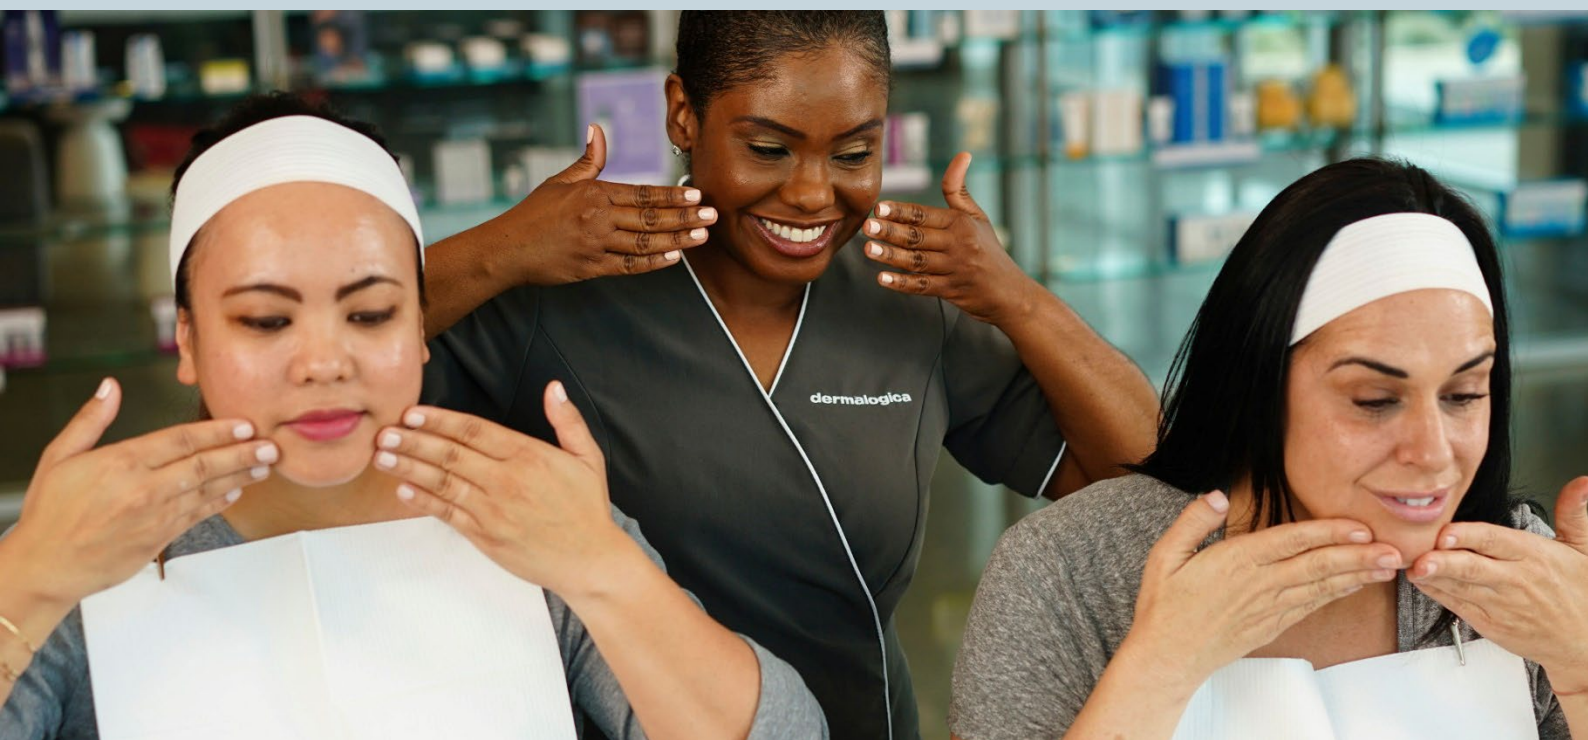

Exclusively for Dermalogica Partnership Colleges, Skin Care Students and Lecturers can be immersed in everything Dermalogica! Spend the day with us for fun and engaging curriculum extension.

Hosted at one of our eight Training Centres across the UK and Republic of Ireland, we share our passion for the industry with product exploration and activities, practical hands-on treatment training and demonstrations.

Select your day from a choice of two different subject programmes.

Our Expert Skin Therapists will be on hand to provide skin advice and product recommendations. We will also help **prepare your students for employment** by hosting additional **Lunch & Learn** activities and provide Career Mapping Sessions. You can also take advantage of the product discounts in our Student Stores.* and buy **Student Kits!**

*Selected Training Centres only

Selected dates September– May 2019-2020

Ballymena, Cambridge. Derby. Dublin. Exeter. Glasgow. Leatherhead. York.

option one

ProSkin 60 in Practice

Get hands-on and master our professional ProSkin 60 treatment.

An interactive exploration of professional grade products and a revisit to our modular treatment structure will set you up to give and receive Dermalogica's signature service. Practise under the expert guidance of our Training Specialists. This is the perfect confidence booster for budding professionals.

Suitable for Level 2/Level 3 or equivalent.

Lunch & Learn with our Recruitment Specialists

Do you know what is out there, have you decided on your career path?

Dermalogica are invested in vocational education and believe in giving our future Professional Skin Therapist's the best chance of getting the jobs they want.

Let's talk CV's, personal profiles, trade tests and preparing for interview.

All attendees leave with top tips, contact information and information packs.

option two

High Tech Treatments

Today's customer demands instant results!

From technology to peels, this workshop will explore advanced treatments that are changing industry. Learn how treatment modules can be amplified with the right modality and get hands-on to see the skin results. Dermalogica's revolutionary Pro Power Peel. Next level education for the more experienced skin therapy student.

Suitable for Level 3/4 or equivalent
