"I was extremely grateful for having received Student of the Year from my tutor at college. When I found out that I had won a year of free training with Dermalogica I was really excited and looking forward to what the classes had to offer. I would like to thank all the staff at Dermalogica Leatherhead for sharing their knowledge with me and helping me work towards such a rewarding achievement. I really enjoyed my time there and by receiving Expert Status, I am now looking forward to sharing my knowledge and experience in future work."
